COURSE DEVELOPER
EPFL Extension School
Switzerland
2017 - 2018

COURSE DEVELOPER

Front-end course developer for École Polytechnique Fédérale de Lausanne (EPFL) [Extension School](#)'s web application developer program.

Devised curriculum and content for the HTML, CSS, and part of the JavaScript courses. Made 200 tutorials, quizzes, assignments, code examples, video walkthroughs, slideshows, scripts and studio recordings. Now tutoring learners and grading projects.

2016

SENIOR FRONT-END DEVELOPER and UX

UpMySport rebranded into WeTRAIN – a London based start-up with a remote development team. We built a live pattern library within the existing Ruby on Rails framework to ensure a unified experience. Refactoring and modularising the HTML and CSS following responsive web design methods made the web app available on mobile devices.

LEAD FRONT-END DEVELOPER

I lead the front-end team to create the state-of-the-art website for the Norwegian Fish Farming industry. [laks.no](#) makes extensive use of film, infographics and animations. It is built as a modularised framework allowing editors to build further custom pages in .Net. The site won 3rd place in the 2016 “Gulltaggen” national design award.

Consultation and development of three style guides for internal use at the Oslo and Akershus University College of Applied Sciences (HiOA).

Part of a team rebranding [Hurtigruten](#) – the Norwegian coastal cruise line. This considerably increased their recognition locally and internationally. The website won gold in the “Gulltaggen” national design award in 2016.

Australia & France
2009 – 2014

FULL-STACK DEVELOPER and DESIGNER

I developed HTML and CSS templates on request, as well as building custom themes for CMS such as Wordpress, MODx, ExpressionEngine, Shopify and Perch. I also provided UX research, analytics, SEO and graphic design.

WEB DESIGNER

2005 - 2008

INTERACTIVE DESIGNER

I worked as a multimedia designer and developer, creating CD-ROMs, interactive kiosks in Flash, and HTML and CSS templates for a custom CMS. I focused on accessibility and usability, and learned about Responsive Web Design principles. This helped me create CSS to cover 90 different news sites for Amedia publishing.
